

SLOW FOOD TRANSILVANIA IN OUR SCHOOL

- We invited Claudia Roșca from Slow Food Transilvania to tell us all about this concept of slow food.
- She started by asking pupils about the way their mothers and grandmothers are cooking- they are cooking slowly and with a lot of love.
- Children confessed they like to help their mothers and grandmothers in the kitchen.

We are in class 2

Claudia is presenting homemade bread and is explaining how it is made

- Children are watching the bottle of seeds and then they are tasting homemade bread.

- Each pupil made his favourite fruit and then we build a house for the fruits
